

Amendments to the Claims

This listing of claims will replace all prior versions and listings of claims in this application.

Listing of the Claims:

1. (Canceled)

2. (Currently Amended) A system for displaying a video clip for a television program upon viewer selection of a corresponding television program listing from a television program guide displayed on a display screen, comprising:

means for displaying the television program guide on the display screen;

means for allowing a viewer to select a television program listing from the television program guide, the television program listing corresponding to a program that is scheduled for future broadcast; and

means for displaying a video clip ~~corresponding to the selected television program listing~~ on the display screen upon selection of the television program listing from the television program guide, the video clip corresponding to the program that is scheduled for future broadcast.

3. (Previously Presented) The system of claim 2 further comprising means for displaying a written description corresponding to the selected television program listing.

4. (Previously Presented) The system of claim 2 further comprising means for sequencing through time slots in the television program guide.

5. (Previously Presented) The system of claim 2 wherein the means for allowing a user to select a television program listing from the television program guide comprises means for allowing the user to position an on-screen cursor on the television program listing.

6. (Previously Presented) The system of claim 2 further comprising means for retrieving the video clip corresponding to the selected television program listing upon selection of the television program listing from the television program guide.

7. (Previously Presented) The system of claim 2 wherein the means for displaying the television program guide comprises means for displaying the television program guide comprising a plurality of television program listings.

8. (Currently Amended) A method for displaying a video clip for a television program upon viewer selection of a corresponding television program listing from a television program guide displayed on a display screen, comprising the steps of:

displaying the television program guide on the display screen;

allowing a viewer to select a television program listing from the television program guide, the television program listing corresponding to a program that is scheduled for future broadcast; and

displaying a video clip ~~corresponding to the selected television program listing~~ on the display screen upon selection of the television program listing from the television program guide, the video clip corresponding to the program that is scheduled for future broadcast.

9. (Previously Presented) The method of claim 8 further comprising the step of displaying a written description corresponding to the selected television program listing.

10. (Previously Presented) The method of claim 8 further comprising the step of sequencing through time slots in the television program guide.

11. (Previously Presented) The method of claim 8 wherein allowing a user to select a television program listing from the television program guide comprises allowing the user to position an on-screen cursor on the television program listing.

12. (Previously Presented) The method of claim 8 further comprising retrieving the video clip corresponding to the selected television program listing upon selection of the television program listing from the television program guide.

Appl. No. 10/753,090  
Reply dated April 4, 2008  
Reply to Office Action of October 4, 2007

13. (Previously Presented) The method of claim 8 wherein displaying the television program guide comprises displaying the television program guide comprising a plurality of television program listings.
